## Abbreviations List

Abbreviated Form	Full Form
AC	Assistant Commissioner
ADC	Assistant District Commissioner
AGP	Assistant Government Pledger
CSMS	Civil Suit Management System
DC	District Commissioner
GoB	Government of Bangladesh
GP	Government Pledger
HLD	High Level Design
HLDD	High Level Design Document
LLD	Low Level Design
LLDD	Low Level Design Document
MoL	Ministry of Land
PPR	Public Procurement Rule
RM	Revenue Munshikhana
SDLC	Software Development Life Cycle
SF	Statement of Facts
ToT	Training of Trainers
UAT	User Acceptance Test
ULO	Union Land Office
ULAO	Union Land Assistant Officer
ULSAO	Union Land Sub Assistant Officer

## **Restriction on disclosure**

All information in this document shall not be disclosed, published or shared wholly or in part to any third party without Mysoft Heaven (BD) Ltd.'s prior permission in writing, which will also be held securely. These obligation shall not apply to information that is published or becomes known legitimately from other sources than Mysoft Heaven (BD) Ltd. or Government of Bangladesh.

## 1. Overview

Ministry of Land (MoL) is going digitize the civil suit system in Ministry of Land and a Selected District (Munshiganj). The main plans of the project are as follows:

- a) Development of Civil Suit Management system
- b) Necessary Training to the ToT and user to efficiently run the system
- c) Existing Data scanning, Optimizing and Migration to the new system.
- d) Pilot and Deployment
- e) Support and Maintenance service

Identified Digital Services will reduce the number of steps and levels involved and limit the options for corruption dramatically, making service delivery more transparent and accountable through ‘one-stop’ service delivery centers.

The overall objectives of this proposed system for Ministry and the district (Munshiganj) are mentioned below:

1. To develop a complete web based civil suit management system.
2. To develop a robust monitoring dashboard of different layer.
3. To generate all regular report on the basis of those database.
4. All cases related information of the concerned service provider organizations will be digitized in a uniformed standard and incorporated in a centralized platform.
5. The service recipients will access every service through a single one stop virtual access point in different platforms like Mobile apps or web or Call Center. There will be no hassle to search different addresses and multiple apps for this Ministry/District digital services.
6. All concerned Organizations will get access into the same platform and will use the customized application as per their authorization and authentication.
7. This platform will provide full single sign on facility so switching to other concerned applications like e-Mutation, e-Filing will be easier.
8. The technologies and UI will be similar, consistent and maintain same standard for all the applications and digital services under the scope the same platform.
9. Operational & technical management and maintenance will be managed centrally which will be easier, less complex.
10. Huge effort & cost will be saved while digitizing services for this ministry/District and its organizations

11. Integration with the external and internal systems will be conducted only once which is easier and will save time and effort as well.

12. Training, knowledge transfer, capacity development and integration will be more organized, easier and efficient.

## 1.1 Scope

The ultimate scope of this e-Government solution of this ministry is to design, develop, and implement an integrated digital service delivery platform where all the Government to Citizen (G2C) and Government to Business (G2B) services of this ministry and its organizations will be digitized with proper simplification and integration. As a holistic digital service delivery approach, all the existing digital service applications i.e. software/systems will be required to be integrated which is described in the “**Integration Requirement**” section. For detailed clarification and understanding the required high level functional scope of major services are described in the “**Functional Requirement**” part. It may be **noted** that, the other remaining manual service delivery processes may require to be digitalized under the scope of this service delivery platform based on the requirement that will be stated at the “**Requirement Analysis**” phase by the implementing authority regarding G2C & G2B services delivery of this ministry and its organization. Covering all the possible scopes, vendor may propose their best architecture and service delivery solution for this system in their technical proposal.

Apart from this, this system’s scope is described here under from the high level perspective of the major user groups.

## 1.2 Purpose

The purpose of this document is to provide a detailed component level description of the requirements for the “**Civil Suit Management System (CSMS)**”. This detailed design document will help the client to gather detailed information on the system design and the flow of the functions and modules according to the requirements. The document provides the actual logic for every functions of the system and based on the approved HLDD.

## 2. Configuration of the system

The configurations implemented in the system are described in this section.

### 2.1 Hardware configuration

Database Server		
	Processor	Intel® Xeon® Processor or 12 Core
	RAM	32 GB ECC DDR3
	RAID Controller	Supports for RAID 10/5
	HDD	4 x 500 GB SAS HDD
	Ethernet Port	Broadcom NetXtreme 1 Quad Port Gb E Adapter
	Power Supply Unit	Dual Power Supply
Application Server		
	Processor	Intel® Xeon® Processor or 12 Core
	RAM	16 GB ECC DDR3
	RAID Controller	Supports for RAID 10/5
	HDD	4 x 500 GB SAS HDD
	Ethernet Port	Broadcom NetXtreme 1 Quad Port Gb E Adapter
	Power Supply Unit	Dual Power Supply

### 2.2 Software configuration

SI No	Technology	Version
1	PHP	7.3.27
2	MySQL	5.6.43
3	Apache	2.4
4	Zend optimizer	3.3.9

## 2.3 API Architecture and configuration

System integration planning is the process of incorporating smaller sub-systems into one larger system to ensure they all work together. Integration is a cornerstone of today's enterprise environments with their multitude of enterprise resource systems.

This proposed platform for **this system** has many provisions for integration with other digital systems and also other government and non-government organization /institutes. We proposed the WSO2 API integrator for the purpose of integrating different digital services. All the external digital systems will be integrated in this platform and the developed the list of digital service using this API integrator throughout System's sectorial Service Bus.

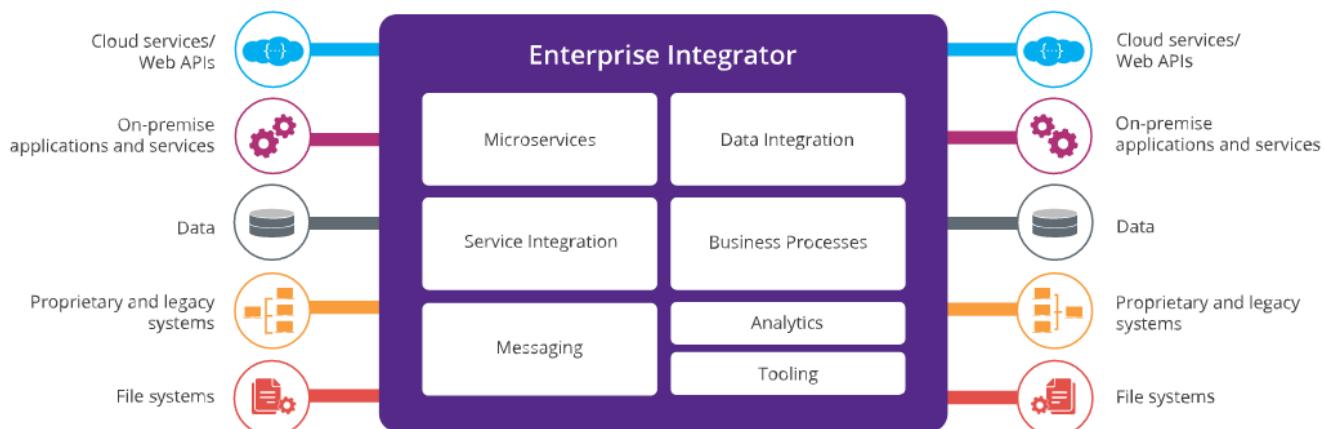

Figure: WSO2 API Integrator

System Integration Division integrates the components of information systems and Information Technology to get an optimum solution satisfying all the stakeholders of the organization with greater productivity and efficiency.

We will follow standard integration mechanism such as exposing standard Restful APIs for the service process in different components so that any component or service can exchange data and related resources whenever it is required by satisfying the Govt. Agency's business purposes. The digital services should be able to exchange data with other digital systems within the particular Govt. agency as well as with inter-agency solutions. As per our standard API manager following international standard so that the data sharing can happen efficiently and standard securities will be maintained smoothly.

The digital solution will address the stated interoperability and integration issues of the agency for systems' sustainability and end-to-end digitalization issues which is the ultimate goal of digital transformation. **This platform** is integrated with the following external system:

No.	System Name	Purpose	Dependent Organization
1.	SOE Systems	Data from the SOE systems	SOE organizations
2.	SMS gateway	Sending SMS notifications to the system users	BTRC / Third party SMS gateway provider
3.	Email gateway	Sending email notifications to the system users	Third party email gateway providers

### 3. Designed functionalities from collected requirements

The requirements are collected and designed accordingly. The description is provided in this section. All the functions are approved from SRS and HLD documents.

#### 3.1 Module 1: Complain submission

This module will manage all the documents and track all the activities till the complain submission process ends.

#### Requirements table

Requirement ID	FBR_CSMS_M1-001
Feature	New case creation
Business logic	New case can be created providing all the data and documents.
Description of the Business Logic	<p>The court issues a show cause letter which is sent to DC office with petition by the proper authority. Front desk of the DC office receives the letter and forwards it to DC. DC marks it and then forwards it to ADC (Revenue). ADC (Revenue) marks it then forwards it to the AC (RM). RM office creates a case by giving input to all necessary data. The data input fields are:</p> <ol style="list-style-type: none"><li>1. Case no (মামলার নং)</li><li>2. Date of filing the case (মামলার ক্লজুর তারিখ)</li><li>3. Type of Case (মামলার ধরন) – if appeal case main case ID</li><li>4. Case Address – Division, District, upazilla, mouja</li><li>5. Schedule / Cadastre (তক্ষসিল) – details, chowhoudi</li><li>6. Court (আদালত)<ul style="list-style-type: none"><li>- Court Type (আদালত ধরন)</li><li>- Court Division (আদালত বিভাগ)</li><li>- Court District (আদালত জেলা)</li></ul></li><li>7. Power of attorney document (ওকালতনামা)</li><li>8. Plaintiff (বাদী) – Name, father's name</li><li>9. Defendant (বিবাদী) – Name, father's name</li><li>10.জিপি/ এজিপি (GP/AGP)</li><li>11. Land type (জমির ধরন)</li><li>12. Relevant office / department (সংশ্লিষ্ট অফিস / বিভাগ)</li><li>13. Traditional remedies (প্রাচীত প্রতিকার)</li><li>14. Comment (মন্তব্য)</li><li>15. Date's order (ডেট এর আদেশ)</li><li>16. Next Assigned date (পরবর্তী ধার্য তারিখ)</li></ol>

	17. Past order (বিগত তারিখের আদেশ) 18. Order Document 19. Was there any appeal for lost case? (মামলায় হেরে গিয়ে আপিল করা হয়েছে কিনা ?) 20. Reason for lost case 21. Appeal case show cause document 22. Date of receiving show cause letter 23. Show cause Document 24. Date of letter issue and dispatch the petition letter for SF to AC Land Office from RM 25. Petition for SF to AC Land office document 26. Date of letter issue and dispatch the petition letter for SF to ULO from AC Land office 27. Petition for SF to ULO office document 28. Date of dispatch the SF to AC Land Office from ULO (SF AC Land অফিস এ প্রেরণের তারিখ) – ID, Date 29. SF Document 30. Date of receiving SF (SF পাওয়ার তারিখ) in AC land office 31. SF petition answer document from AC Land 32. Date of receiving SF in RM office 33. SF document finalize date (from RM) 34. Petition answer and SF document finalize notice document
Type	Input, Output
Integration scope	
Remarks	Fields taken from documents and requirement analysis meetings.

Requirement ID	FBR_CSMS_M1-002
Feature	Case update
Business logic	Data and documents of the cases can be updated by authorized users providing all the data and documents.
Description of the Business Logic	After the creation of the case, the case is updated in different tiers by authorized users. There are update / modification restrictions user wise and tier wise. If a case is not assigned to the user, the user cannot modify that. Again if the case is forwarded to other tier, the case cannot be modified / updated by that user. The users can: - Add / Update / delete with different type of attachments - Information check by different level of users - Information approval from different level of users
Type	Input, Output
Integration scope	
Remarks	

Requirement ID	FBR_CSMS_M1-003
Feature	Document upload
Business logic	Necessary documents can be uploaded while submitting or update the case.
Description of the Business Logic	<p>When a user creates or updates a case, there will be necessity to upload some documents along the data input. There will be an option in the system to upload the necessary files which are necessary for the complain processing. The system will notify users after successfully upload of the required documents. Following documents needs to be uploaded:</p> <ol style="list-style-type: none"><li>1. Show cause Document</li><li>2. Petition for SF to AC Land office document</li><li>3. Petition for SF to ULO from AC (Land) office document</li><li>4. SF petition answer document (from AC land office to AC (RM))</li><li>5. SF Document</li><li>6. Petition answer and SF document finalize notice document</li><li>7. Order Document</li><li>8. Power of attorney document (ওকালতনামা)</li><li>9. Appeal Case show cause document</li></ol>
Type	Input, Output
Integration scope	
Remarks	Fields taken from documents

Requirement ID	FBR_CSMS_M1-004
Feature	Messaging System
Business logic	There should be a direct messaging system between users.
Description of the Business Logic	To get any kind of necessary information, users will be able to send messages to same or other tier users.
Type	Input, Output
Integration scope	
Remarks	

Requirement ID	FBR_CSMS_M1-005
Feature	Case status checking
Business logic	Users will be able to check all case related status.

Description of the Business Logic	After submission of the case update, the system will provide the status of the cases to the users. The user can search cases using unique case ID.
Type	Input, Output
Integration scope	
Remarks	

Requirement ID	FBR_CSMS_M1-006
Feature	Document checking and tier wise forwarding system
Business logic	Users will be able to check the case data, documents and forward to next tier officer.
Description of the Business Logic	After the submission of the case data with all necessary documents, the system will automatically verify and then notify the first tier user for checking. After the checking, the officer can attach notice / letter and assign it to the next upper or lower tier officers.
Type	Input, Output
Integration scope	
Remarks	

### 3.2 Module-2: Complain processing and reporting

This module will manage all the documents and track all the activities till the complain processing and reporting ends.

#### Requirements Table

Requirement ID	FBR_CSMS_M2-001
Feature	Document commenting
Business logic	Users of all tiers will be able to give comment on submitted / forwarded documents when the case process is in their tier.
Description of the Business Logic	After creation of the cases the cases are forwarded to other users tier wise. The cases will be forwarded to next users including all the documents related to the case. The users can provide their comments on the documents they received before sending it to the next user.
Type	Input, Output
Integration scope	
Remarks	

Requirement ID	FBR_CSMS_M2-002
Feature	Statement of Facts (SF) creation and review
Business logic	Certain users are able to create SF and review the SF document
Description of the Business Logic	ULAO / ULSAO creates and prepares the SF document initially. After preparation of the SF document it is forwarded to Kanungo / Surveyor. If they have any observation of comment on the SF document, they add it with it and sends it to AC (Land) for review. AC (Land) reviews the documents and adds his observation / comment on it and forwards it to AC (RM). AC (RM) compiles SF with all the documents including his own observation / comment and finalizes the SF document. Then ADC (Revenue) reviews the finalized SF and forwards to DC for review. DC gives the final reviews on the SF document.
Type	Input, Output
Integration scope	
Remarks	

Requirement ID	FBR_CSMS_M2-003
----------------	-----------------

Feature	Document compilation and download
Business logic	Documents will be auto compiled and there will be an option to download
Description of the Business Logic	<p>Any authorized user can download all the necessary documents and case related data from the system. The data and documents will be automatically compiled by the system. The user also will be able to download individual documents or case data from the system. Documents can be downloaded in the following formats:</p> <ul style="list-style-type: none"><li>- PDF</li><li>- ZIP</li><li>- RAR</li></ul>
Type	Output
Integration scope	
Remarks	

Requirement ID	FBR_CSMS_M2-004
Feature	Case result submission and update
Business logic	Certain users are able to submit and update the results of the cases in the system.
Description of the Business Logic	<p>Certain users are able to submit results of the cases in the system. All the users are be able to see the result after that. If the authorized user wants to update the result, the result can be updated and other users can view the updated results. Only GP and AC (RM) can submit and update the results. The following data needs to be given in the system:</p> <ul style="list-style-type: none"><li>- Case ID</li><li>- Case status</li><li>- Case decision / Result</li><li>- Order date</li><li>- Order type</li><li>- Order description</li><li>- Hearing type</li><li>- Hearing date</li><li>- Hearing witness</li><li>- Hearing description</li><li>- Hearing decision</li><li>- GP / Solicitor feedback</li><li>- Court name</li><li>- Court ID</li><li>- Court type</li><li>- Appeal date</li><li>- Solicitor / GP Name</li><li>- District attorney name</li></ul>
Type	Input, Output
Integration scope	Bangladesh Supreme court website API

Remarks	Fields taken from the requirement analysis meetings.
---------	--

Requirement ID	FBR_CSMS_M2-005
Feature	Appeal case system
Business logic	Certain user can create and submit appeal case data on the case result through the system. - Appeal entry - Appeal revision
Description of the Business Logic	After case result has been published, the certain users (GP) can create and update appeal case data and necessary documents. If the case is in Judge court, the information will be updated regularly into the system by the users. But if the case is in high court, the case data are entered but only the following data will be updated: - Solicitor Name - Hearing date - District attorney name - Case Status - Case Decision / Result
Type	Input, Output
Integration scope	Bangladesh Supreme court website API
Remarks	

Requirement ID	FBR_CSMS_M2-006
Feature	Civil Suit Case register
Business logic	Existing cases in the Case register can be entered in the system
Description of the Business Logic	Many cases get stuck in after forwarding to GP. To record those cases, MoL used to use a case register. These old cases' are recorded in this function and regularly updated by RM office. The following fields are provided:  1. Case no (মামলার নং) 2. Date of filing the case (মামলার রুজুর তারিখ) 3. Type of Case (মামলার ধরন) 4. Court (আদালত) 5. Plaintiff (বাদী) 6. Defendant (বিবাদী) 7. Schedule, Cadastre (তফসিল) 8. জিপি/ এজিপি (GP/AGP) 9. Land type (জমির ধরন) 10. Relevant office / department (সংশ্লিষ্ট অফিস / বিভাগ)

	<ol style="list-style-type: none"><li>11. Traditional remedies (প্রাথিত প্রতিকার)</li><li>12. Comment (মন্তব্য)</li><li>13. Date's order (ডেট এর আদেশ)</li><li>14. Next Assigned date (পরবর্তী ধার্য তারিখ)</li><li>15. Past order (বিগত তারিখের আদেশ)</li><li>16. Was there any appeal for lost case? (মামলায় হেরে গিয়ে আপিল করা হয়েছে কিনা ?)</li><li>17. In case the case has been won, has the possession been taken? (মামলা জিতে গেলে তা দখল নেয়া হয়েছে কি না) Occupancy date (দখলের তারিখ)</li><li>18. Date of receiving SF (SF পাওয়ার তারিখ)</li><li>19. Date of dispatch to SF AC Land Office (SF AC Land অফিস এ প্রেরণের তারিখ)</li></ol>
Type	Input, Output
Integration scope	
Remarks	Fields taken from documents and requirement analysis meetings.

### 3.3 Module 3: General Functions

This section describes all the requirements of General Functions of the system.

#### Requirements Table

Requirement ID	FBR_CSMS_M3-001
Feature	SMART dashboard system
Business logic	Digital Service Administrators and Digital Service Observers can monitor all the data related to CSMS. From the dashboard the users can see different types of graphical representations of the required information.
Description of the Business Logic	To monitor all the data in the CSMS, a complete graphical representation (using Pie chart, Bar chart, Block, Line graph etc.) are shown user wise in the system. The following information are shown in the dashboard: <ul style="list-style-type: none"><li>i. Total number of offices;</li><li>ii. Different type of case;</li><li>iii. Pending;</li><li>iv. Approval;</li><li>v. Cancelled;</li><li>vi. Law officer;</li><li>vii. Court wise case;</li><li>viii. Upcoming hearing date of list of cases;</li><li>ix. Current status;</li><li>x. Gender based information.</li></ul>
Type	Output
Integration scope	
Remarks	Fields taken from TOR document.

Requirement ID	FBR_CSMS_M3-002
Feature	Web portal
Business logic	Users can login and use the system via CSMS web portal
Description of the Business Logic	Using CSMS web portal users can login and do case related works assigned to them.
Type	Input, Output
Integration scope	Bangladesh Supreme court website API
Remarks	Fields taken from TOR document.

Requirement ID	FBR_CSMS_M3-003
Feature	Integrated export option
Business logic	Export data in Word, PDF and Excel formats.
Description of the Business Logic	Users can select the file type and export the case related data in the following formats: <ul style="list-style-type: none"><li>- Word</li><li>- PDF</li><li>- Excel</li></ul>
Type	Input, Output
Integration scope	
Remarks	

Requirement ID	FBR_CSMS_M3-004
Feature	Reporting system
Business logic	There is a reporting system in the system. The users can download those reports when necessary.
Description of the Business Logic	To collect insights of the case and system data, the users can view and download several types of reports from the system. The user can view download the following reports: <ul style="list-style-type: none"><li>- Court wise different reports</li><li>- District wise different reports</li><li>- User wise different reports</li><li>- Monthly report / Yearly report</li><li>- Date between reports; as per the desire information</li><li>- Log reports / Audit reports</li></ul>
Type	Input, Output
Integration scope	Fields taken from TOR document.
Remarks	

Requirement ID	FBR_CSMS_M3-005
Feature	Analytics viewer
Business logic	Analytical function for dedicated user groups.
Description of the Business Logic	The CSMS system analytics are available in the system for users to see. The view access permission can be changed individually depending on the role or user.
Type	Output
Integration scope	
Remarks	

Requirement ID	FBR_CSMS_M3-006
Feature	Employee profile management
Business logic	Employees complete demographic profile.
Description of the Business Logic	<p>Employees can view and update their profile from the system. Following details are included in the profile management:</p> <ul style="list-style-type: none"><li>- Name</li><li>- Address</li><li>- Position</li><li>- Email ID</li><li>- Password change</li><li>- Office name</li><li>- Division</li><li>- District</li><li>- Mouja</li><li>- Employment status</li><li>- Mobile number</li><li>- Profile image</li><li>- Etc.</li></ul>
Type	Input, Output
Integration scope	Employee Information System of www.lims.gov.bd system
Remarks	Fields taken from TOR document and requirement analysis meetings

Requirement ID	FBR_CSMS_M3-007
Feature	Notification system
Business logic	Central notification system for all type of service given.
Description of the Business Logic	The users are notified about the assigned cases, about their status and messages.
Type	Output
Integration scope	
Remarks	

Requirement ID	FBR_CSMS_M3-008
Feature	FAQ system
Business logic	A FAQ knowledge base for users.
Description of the Business Logic	There is a knowledge base for users of the system. Frequently faced problems and their solutions or queries

	are in the knowledge base. This function is regularly updated by the admin or assigned user.
Type	Input, Output
Integration scope	
Remarks	

Requirement ID	FBR_CSMS_M3-009
Feature	Archiving and advanced search system
Business logic	The case data and documents are archived in the system for later view or download.
Description of the Business Logic	<p>The system archives of the cases and customized advanced search system feature. The users can search the archive :</p> <ul style="list-style-type: none"><li>- Office wise</li><li>- Court wise</li><li>- Law officer wise</li><li>- Date wise</li><li>- Date between wise</li><li>- Land parameter wise</li><li>- User wise</li><li>- Year wise</li><li>- Case status wise</li></ul> <p>And view and download as necessary.</p>
Type	Input, Output
Integration scope	
Remarks	Fields taken from TOR document.

Requirement ID	FBR_CSMS_M3-010
Feature	Calendar & scheduling system
Business logic	For users to track and update case dates.
Description of the Business Logic	<p>The users can update and track the following fields in the system:</p> <ul style="list-style-type: none"><li>- Case running under Lower Court</li><li>- Case running under Judge court</li><li>- Case running under High court</li><li>- Date change / update as per nature of the case</li></ul>
Type	Input, Output
Integration scope	Bangladesh Supreme court website API
Remarks	Fields taken from TOR document.

Requirement ID	FBR_CSMS_M3-011
Feature	Third party integration through API
Business logic	There should be option to integrate the system with third party software / services
Description of the Business Logic	Several third party API or services can be integrated with the system. There are options for future integration to the system too.
Type	Input, Output
Integration scope	
Remarks	

Requirement ID	FBR_CSMS_M3-012
Feature	Access control list and security system
Business logic	Users can be created and given different level of accesses
Description of the Business Logic	From Access control list and security system, following functions can be controlled <ul style="list-style-type: none"><li>- Create / Update / Delete user group</li><li>- Create / Update / Delete role based user</li><li>- Access control of the user</li><li>- Audit / log management</li></ul>
Type	Input, Output
Integration scope	
Remarks	

Requirement ID	FBR_CSMS_M3-013
Feature	Setup information
Business logic	There is a setup option in the CSMS which follows the organization hierarchy and rules of the MoL offices.
Description of the Business Logic	Information Setup in the system can be controlled by the certain users (Admin). The following fields will be included under this: <ul style="list-style-type: none"><li>- Office setup (District, Division, LRB, and Ministry of Land etc.)</li><li>- Different type of case parameter setup</li><li>- Type Setup</li><li>- Rules Setup</li><li>- Law office profile setup</li><li>- Court setup</li><li>- Different types of user setup</li></ul>

	- Personal data of an employee (Self, spouse, children) - Reinstate of employees
Type	Input, Output
Integration scope	
Remarks	Fields taken from TOR document.

Requirement ID	FBR_CSMS_M3-014
Feature	Digital signature
Business logic	Digital signature of every users are automatically given in documents.
Description of the Business Logic	Digital signature of every users are available in the system. Signatures are automatically given in the documents which were authorized / forwarded by them.
Type	Output
Integration scope	
Remarks	

Requirement ID	FBR_CSMS_M3-015
Feature	Case tracker
Business logic	The system has a case tracking system which tracks the cases' current status
Description of the Business Logic	Digital signature of every users are available in the system. Signatures are automatically given in the documents which are authorized / forwarded by them.
Type	Output
Integration scope	
Remarks	

#### 4. System logical view

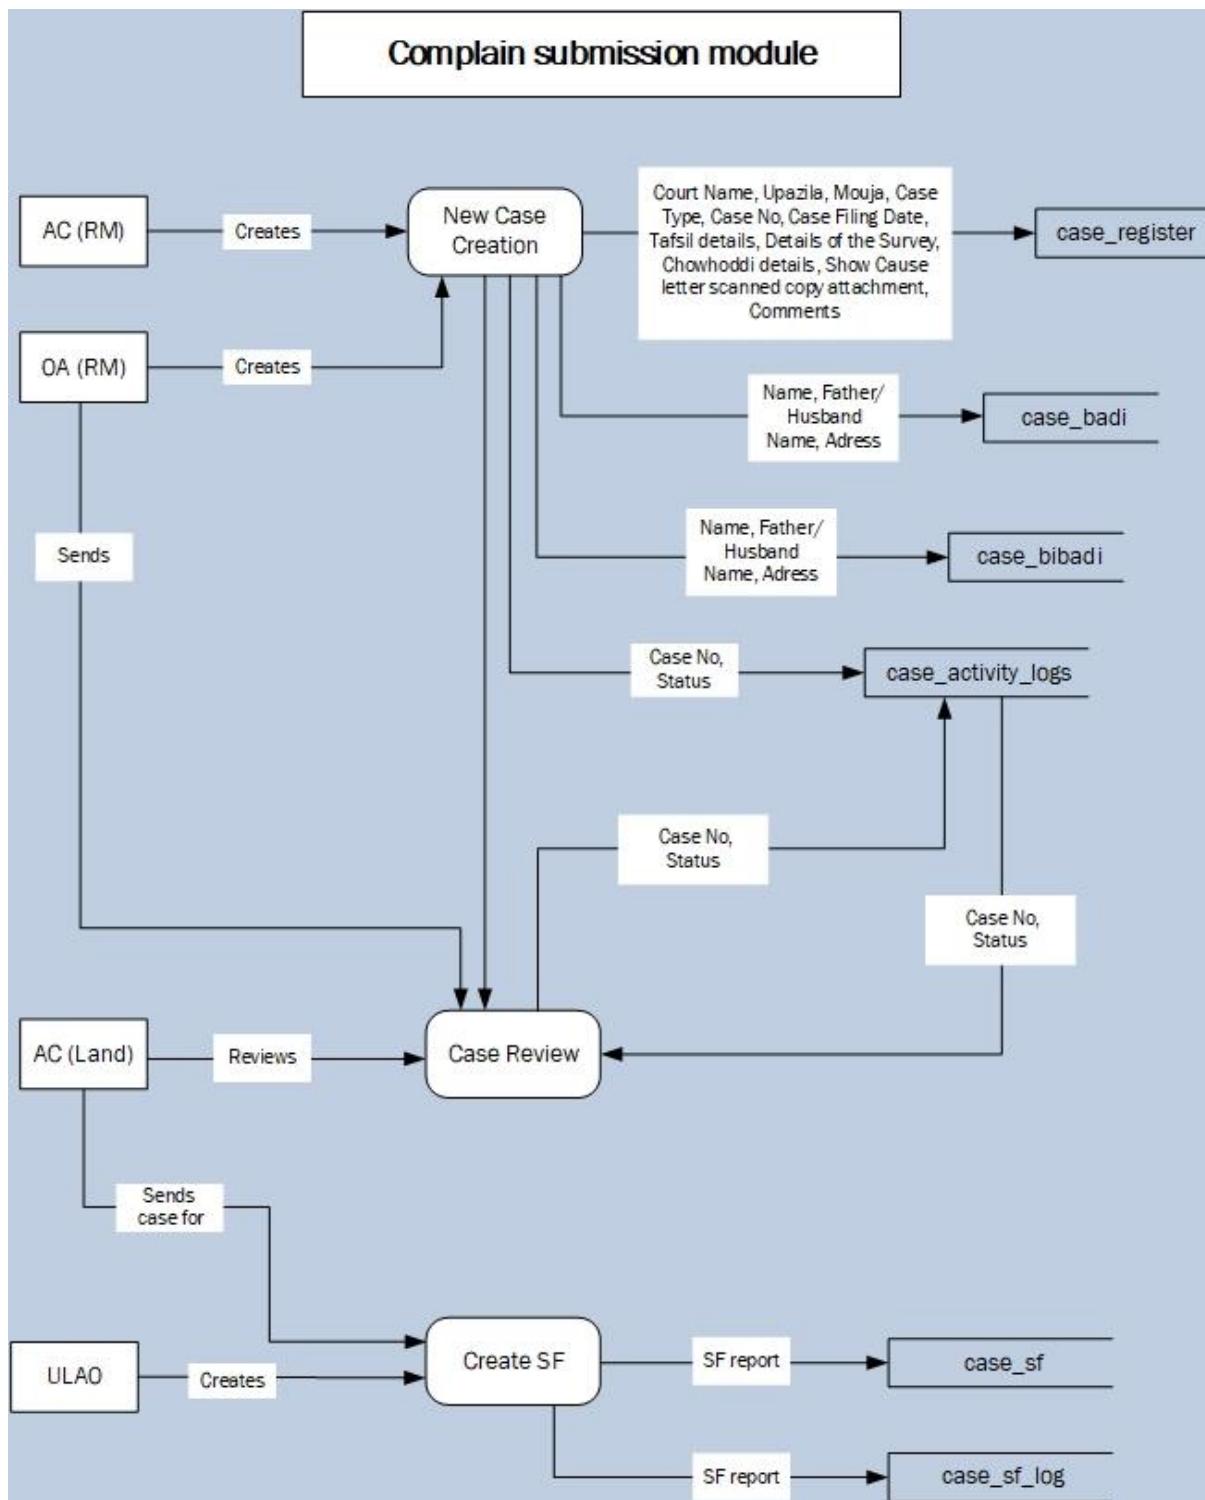

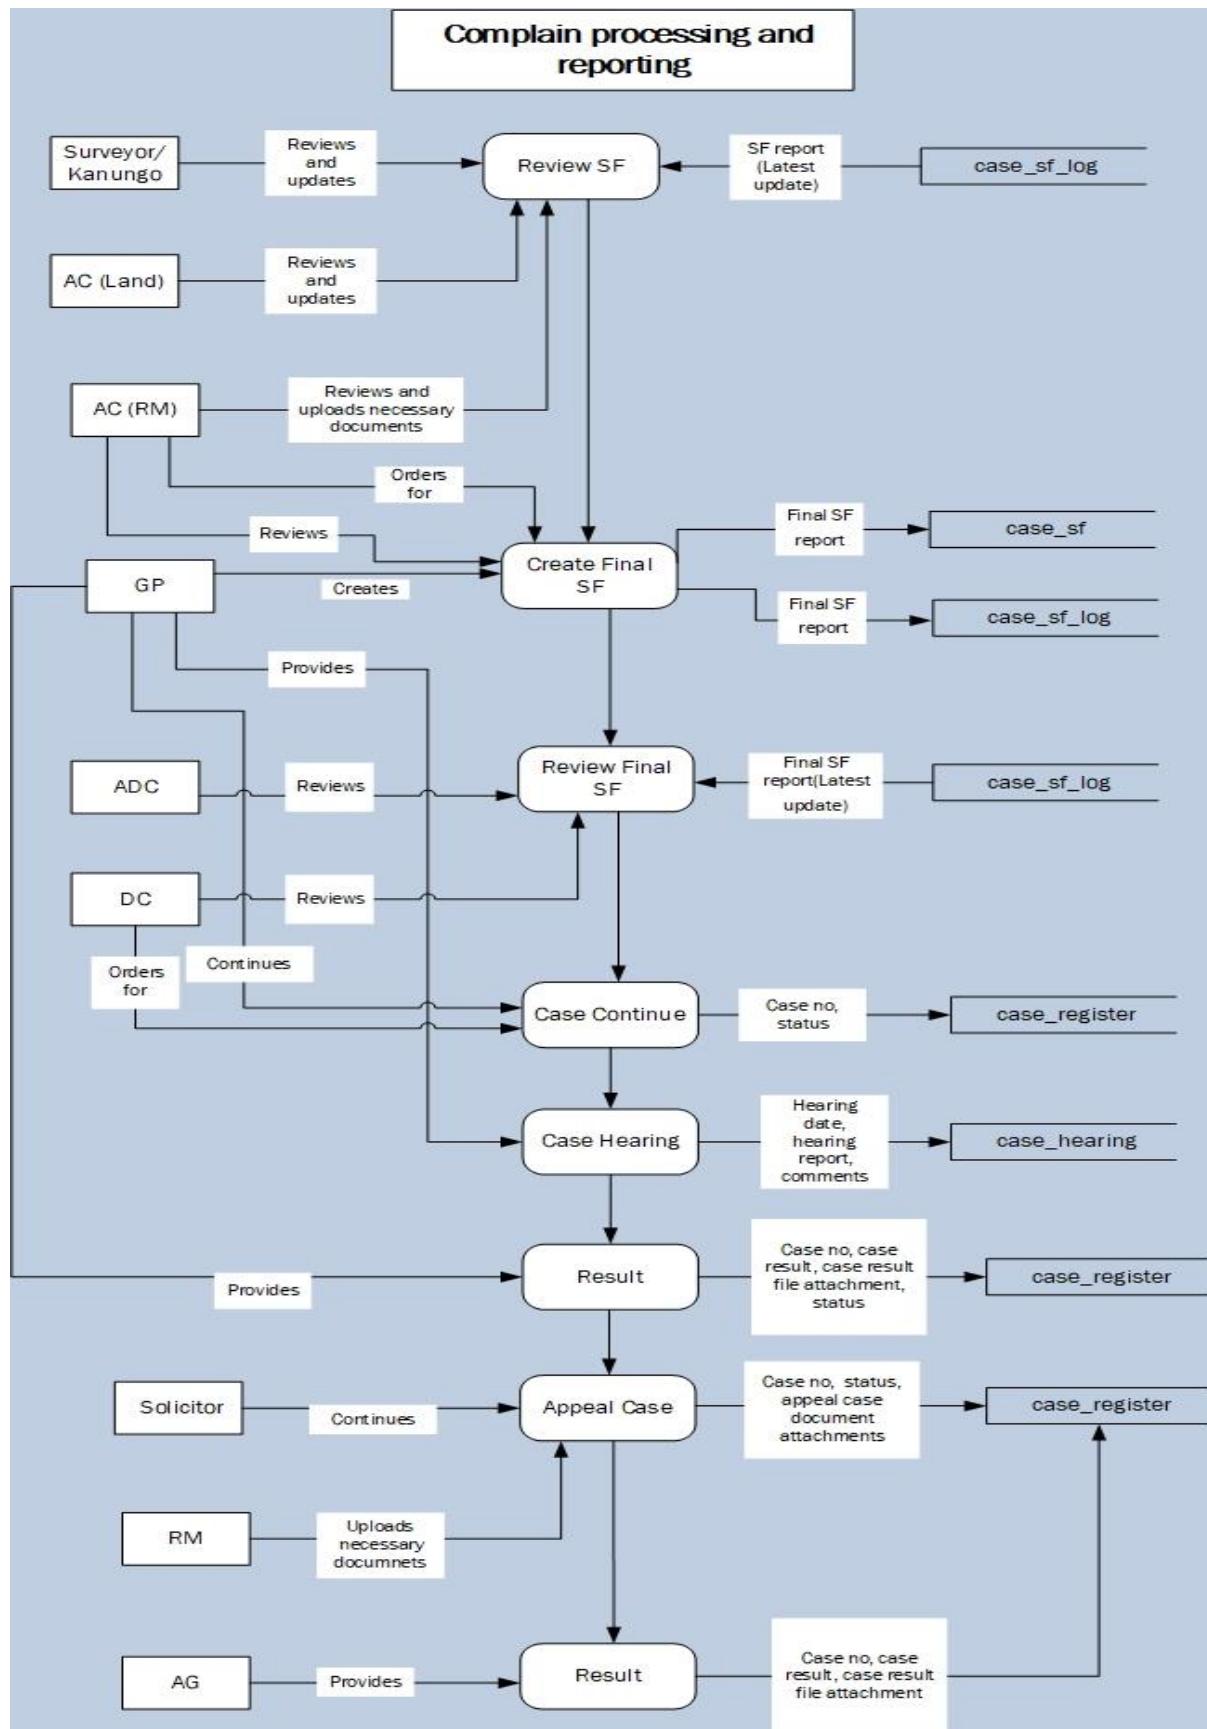

Figure 1: Logical diagram of Complain submission module.

*Figure 2: Logical diagram of Complain processing and reporting module.*

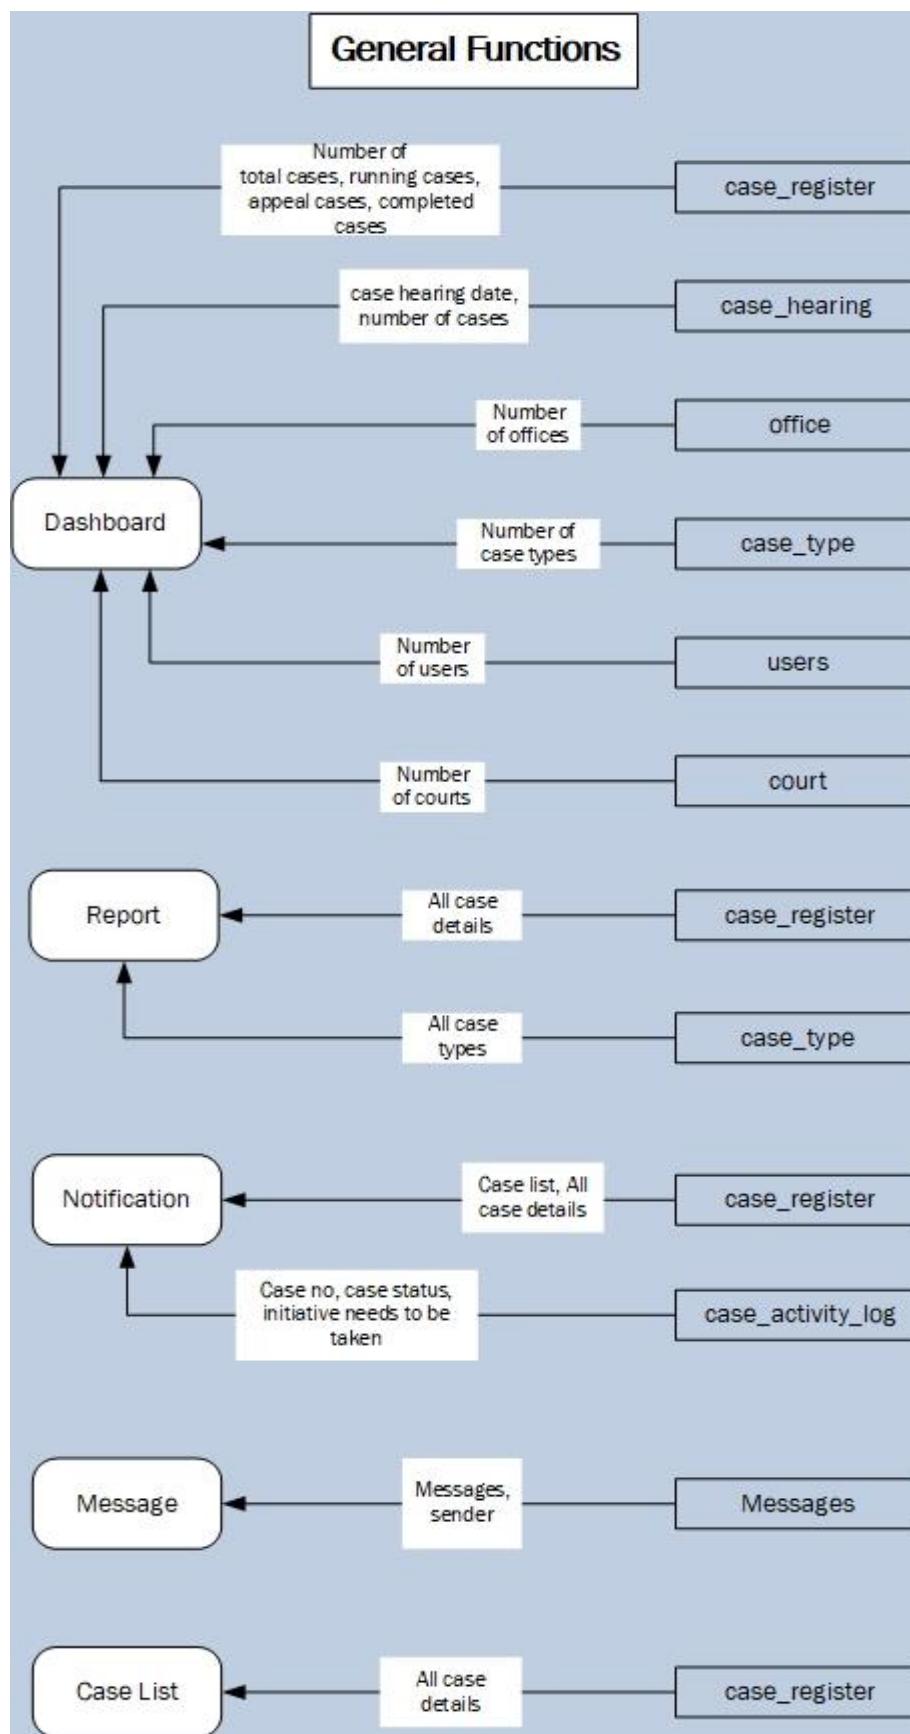

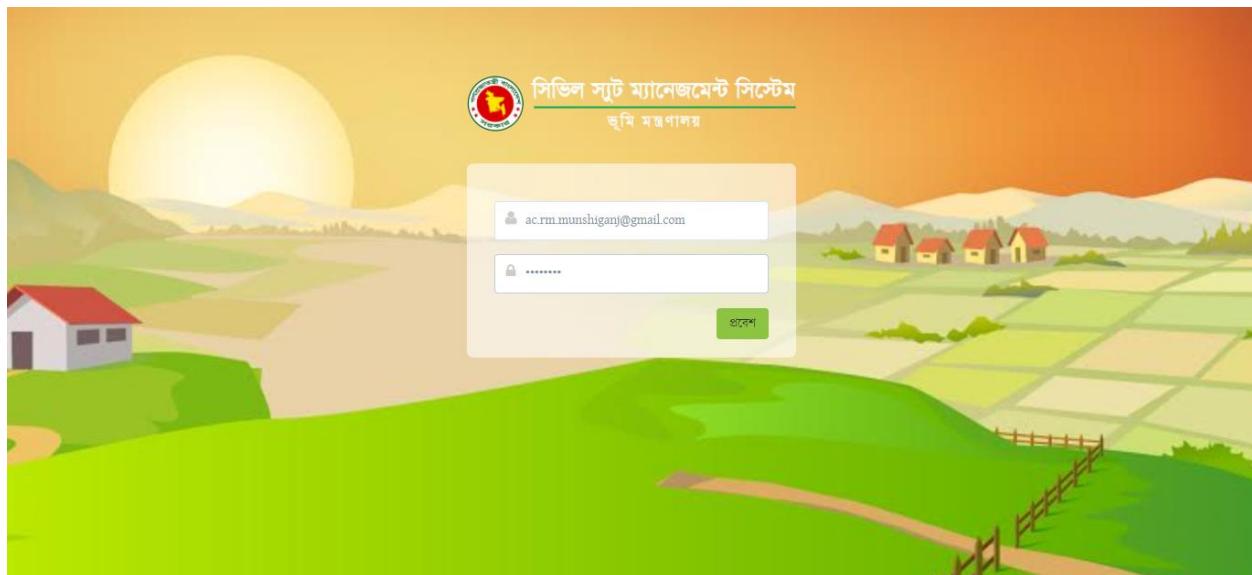

Figure 3: Logical diagram of General Functions module.

## 5. Operational Scenarios

System Flow Number	SF-CSMS-001		
Page	Login Page AC(RM)		
Description	AC (RM) will login to the system through the page providing user login credentials (User Name and Password)		
Input	Field Name	Field Type	Value
	User name	Text	ac.rm.munshiganj@gmail.com
	Password	Text	12345678
Output	AC (RM) logs in to the system.		

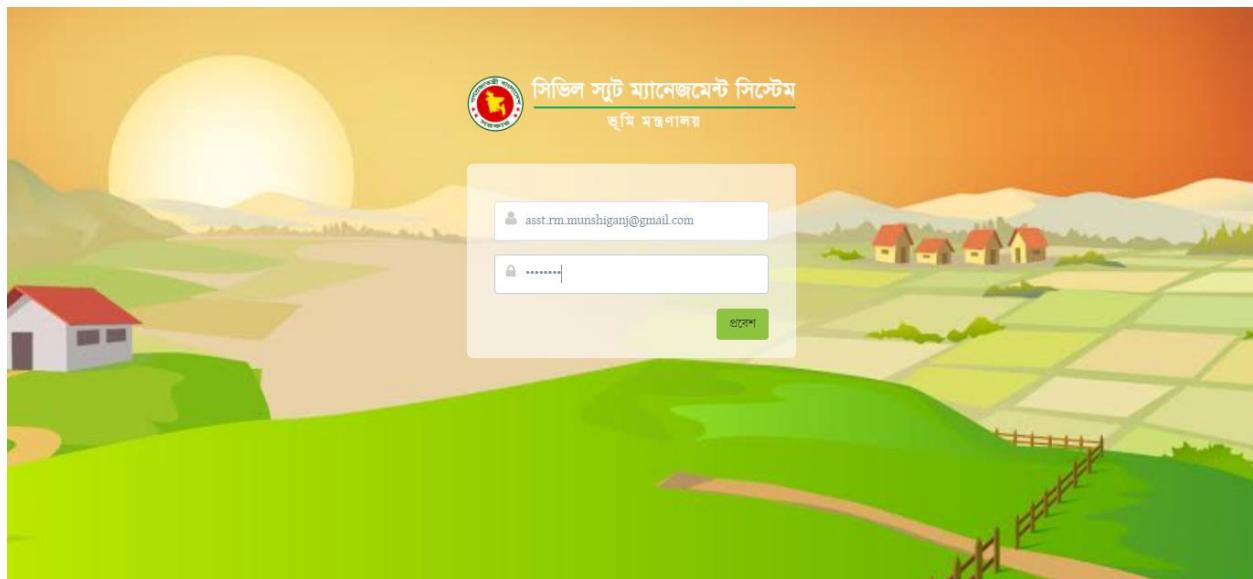

System Flow Number	SF-CSMS-002		
Page	New Case Entry		
Description	AC (RM) will enter new case throughout this page.		
	Field Name	Field Type	Value
	Court Name	Dropdown	Defined Name of Court from list
	Upazila	Dropdown	Defined Name of Upazila from list

Input	Mouja	Dropdown	Defined Name of Mouja from list associated with Upazila
	Case Type	Dropdown	Defined Type of Case from list
	Case No	Text	Specific formatted case number
	Case Filing Date	Date	Date of filing case
	Plaintiff name	Text	Name of Plaintiff
	Plaintiff's Father/Husband Name	Text	Father's/Husband's Name of Plaintiff
	Plaintiff's Address	Text	Address of Plaintiff
	Plaintiff Add	Button	On click Action
	Plaintiff Remove	Button	On click Action
	Defendant's Name	Text	Name of Defendant
	Defendant's Father/Husband Name	Text	Father's/Husband's Name of Defendant
	Defendant's Address	Text	Address of Defendant
	Defendant Add	Button	On click Action

Input	Field Name	Field Type	Value
	User name	Text	asst.rm.munshiganj@gmail.com
	Password	Text	12345678
Output	OA RM) logs in to the system.		

The screenshot displays two views of the system's interface. The left view shows the main dashboard with a sidebar containing links like 'আপোর্ট', 'মামলা রেজিস্ট্রেশন তালিকা', 'অন্যান্য মামলা রেজিস্ট্রেশন', and 'সোফ্টওয়ার প্রক্রিয়াকরণ'. The right view shows a detailed case record for 'মোট মামলা' (Case No. ১৩) titled 'পদক্ষেপ নিতে হবে এমন মামলাসমূহ' (Actions to be taken in such cases). It lists three items: 1. 'কারণ দর্শনার নোটিশ রেজিস্ট্রেশন এন্ট্রি' (Reason for inspection notice registration entry), 2. 'কারণ দর্শনার নোটিশ রেজিস্ট্রেশন এন্ট্রি' (Reason for inspection notice registration entry), and 3. 'পদক্ষেপ নিতে হবে এমন মামলাসমূহ ( রাজস্ব মামলা )' (Actions to be taken in such cases (Revenue cases)). The right side also shows a 'সোফ্টওয়ার প্রক্রিয়াকরণ' (Software Processing) section with a link to 'কারণ দর্শনার নোটিশ রেজিস্ট্রেশন এন্ট্রি'.

Below this, another screenshot shows a list of 'মামলার তালিকা' (List of cases) with 25 entries. The first entry is highlighted with a red border:

#	আদালতের নাম	মামলা নং	মামলার তারিখ	উপজেলা	মৌজা	স্ট্যুডিওস	আকর্ষণ
১.	সহকারী জজ আদালত, সিরাজগঞ্চিয়ান	২২২/৭	2021-11-06	সিরাজগঞ্চিয়ান	রাজানগর	<span style="background-color: #007bff; color: white; padding: 2px 5px;">স্বীকৃত</span>	<span style="color: #007bff; font-size: small;">বিবরিতি</span>

System Flow Number	SF-CSMS-004
Page	Dashboard

Description	OA (RM) will See the Dashboard. The Dashboard for OA (RM) Shows the notification of pending actions for OA (RM).		
Input	Field Name	Field Type	Value
	Show Cause Notice Register Entry	Button	On click action
Output	OA (RM) views the Cases that needed to be taken initiatives.		

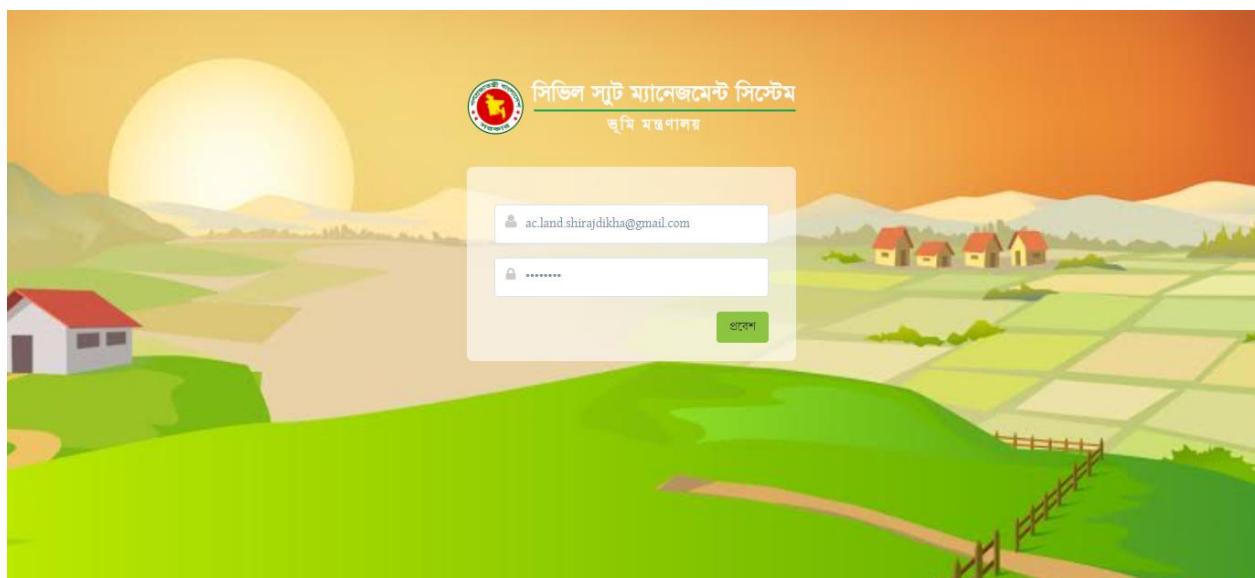

The screenshot shows a complex web application interface for managing civil suits. It features multiple overlapping windows and tabs. One prominent window is titled 'নথি প্রেরণ করুন' (Send Case), which contains dropdown menus for selecting the case type ('সাধারণ ক্ষেত্র' - General Area) and the destination ('স্টেটিস নির্ভুল ক্ষেত্র' - Status Uninvolved Area). Another window shows a list of cases with columns for 'ক্ষেত্র' (Area), 'ক্ষেত্রের নথি' (Case Number), 'ক্ষেত্রের নথি' (Case Number), 'ক্ষেত্রের নথি' (Case Number), and 'ক্ষেত্রের নথি' (Case Number). A third window displays financial details like 'জিম্মা' (Deposit) and 'জিম্মা পরিমাণ (শক্ত)' (Deposit Amount (Tk)) with values '33.000000' and '25.000000'. A fourth window shows a note: 'মামলাটি সফলভাবে প্রেরণ করা হয়েছে' (The case has been successfully sent). The bottom right corner of this window has a red border and a small icon with the number '21'.

	Password	Text	12345678
Output	AC (LAND) logs in to the system.		

The screenshot shows the AC (LAND) dashboard. On the left, there's a sidebar with 'ভাগবোর্ড' (Board of Directors), 'মামলা রেজিস্ট্রেশন' (Case Registration), 'নোটিফিকেশন' (Notification), and 'বার্জি' (Barje). The main area has four colored boxes: blue ('মৌট মামলা'), red ('চলমান মামলা'), green ('আপল মামলা'), and orange ('সম্পাদিত মামলা'). Below these are two red boxes labeled 'পদক্ষেপ নিতে হবে এমন মামলাসমূহ' (Actions to be taken for cases) containing notifications from 'এসি (স্যার্ট)' and 'এসি (ল্যাট)'. A green box labeled 'পদক্ষেপ নিতে হবে এমন মামলাসমূহ ( রাজস্ব মামলা )' contains a notification from 'এসিল্যাট'.

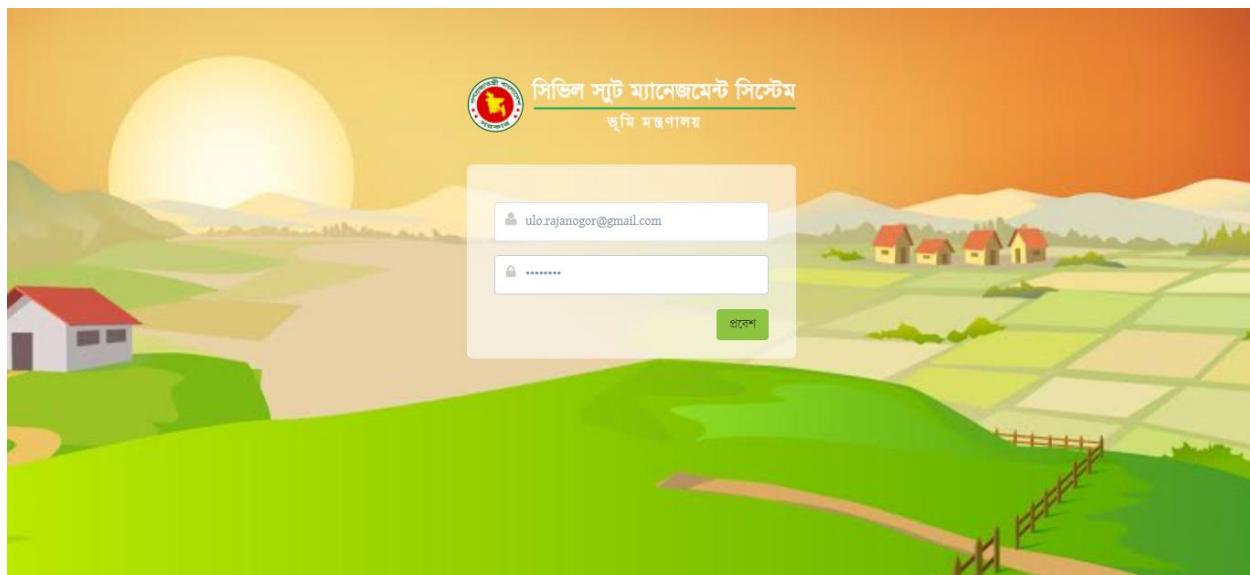

This screenshot shows a detailed view of a notification. It has a header 'নোটিফিকেশন' and two sections: 'এসি (স্যার্ট) এর নিকট এস এফ প্রতিবেদনের জন্য প্রেরণ' and 'এসি (ল্যাট) এর নিকট এস এফ প্রতিবেদন তিভিউর জন্য প্রেরণ'. Below this is another section 'পদক্ষেপ নিতে হবে এমন মামলাসমূহ ( রাজস্ব মামলা )' with a notification from 'এসিল্যাট'.

The screenshots illustrate the process of creating a Show Cause Notice (SCN) in the Civil Suit Management System (CSMS).

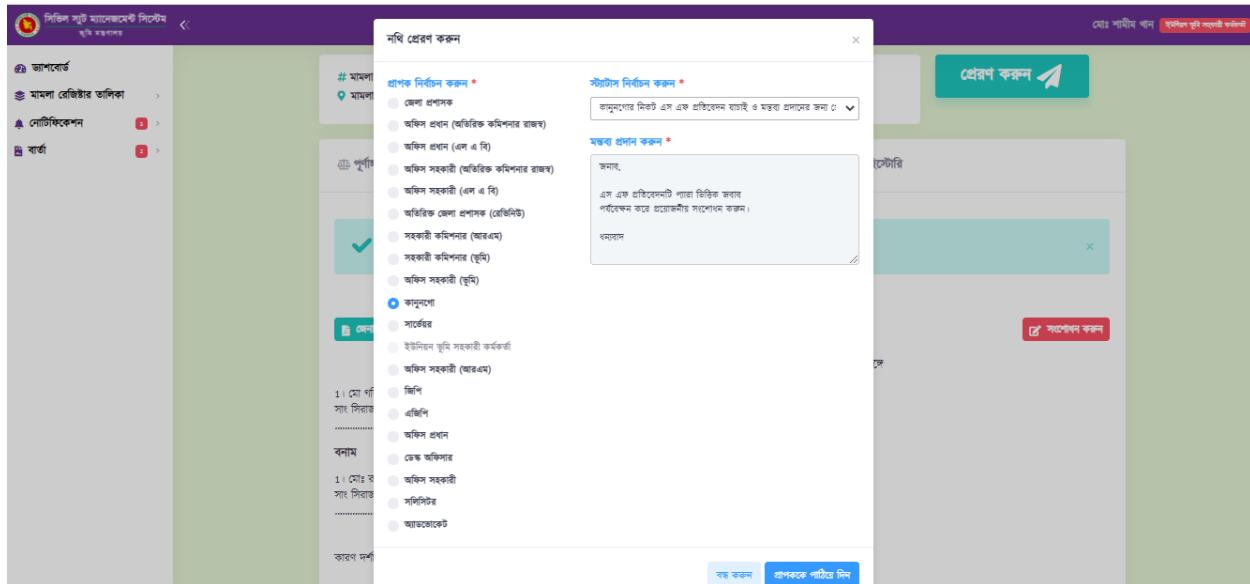

**Screenshot 1:** The user has selected the 'Show Cause Notice' option from the dropdown menu. A red box highlights the 'সূচনা করুন' (Create) button. A pink warning message at the bottom states: 'এখনও পর্যন্ত কেবল এসএফ প্রতিবেদন তৈরি করা হচ্ছে।' (Only ASF reports have been created so far.)

**Screenshot 2:** The user has completed the form and clicked 'সূচনা করুন' (Create). A green success message at the top right says: '✓ এই এক প্রতিবেদন সম্পত্তিতে তৈরি হয়েছে।' (This report has been created successfully.) A red box highlights the 'সূচনা নথি' (SCN Note) section, which displays the document number 'নথি নং: ২২২/১' and the subject 'মাল অবস্থান ইটেমস' (Land Item). The note content is: 'কারণ দশাইবার জবাব মেকান সহজেই মেকান নং: ২২২/১ এর প্রার্থনা করা হচ্ছে।' (Reason: Land item, Application number: 222/1, Application for cancellation is being made.)

The screenshot shows a dashboard with a purple header containing the company logo and name. Below the header, there are four colored boxes showing statistics: ৬২ (Mortgage Mortal), ৩১ (Civil Suit Mortal), ৮ (Appeal Mortal), and ২৩ (Sarpanch Mortal). A red box highlights a notification: "পদক্ষেপ নিতে হবে এমন মামলাসমূহ" (Actions to be taken for such cases) and "কানুংগোর নিকট এস এক প্রতিবেদন যাচাই ও মন্তব্য প্রদানের জন্য প্রেরণ" (Kanungo will file a report and provide comments for such cases). On the right, there is a sidebar with notifications: "এলি (আবেদন) এর নিকট মেইনস্টেইন দ্বারা মামলা প্রেরণ" (Report filed by Mainstay regarding application number) and "কানুংগোর নিকট এস এক প্রতিবেদন যাচাই ও মন্তব্য প্রদানের জন্য প্রেরণ" (Report filed by Mainstay regarding application number).

The screenshot shows a list of cases under the heading "মামলার তালিকা". The table has columns: #, আদালতের নাম, মামলা নং, মামলার তারিখ, উপজেলা, মৌজা, স্ট্যাটাস, and আকশন. Two cases are listed: 1. সহকারী জজ আলগত, সিরাজনিখান (Case No: ২২২/৭, Date: 2021-11-06, Status: সিরাজনিখান, জাজনগর, মুকুপুর, Action: সময় প্রেরণ, সিলভিয়ার) and 2. সহকারী জজ আলগত, সিরাজনিখান (Case No: 121/21, Date: 2021-08-02, Status: সিরাজনিখান, মুকুপুর, Action: সময় প্রেরণ, সিলভিয়ার). On the right, there is a sidebar with notifications: "এলি (আবেদন) এর নিকট মেইনস্টেইন দ্বারা মামলা প্রেরণ" (Report filed by Mainstay regarding application number) and "কানুংগোর নিকট এস এক প্রতিবেদন যাচাই ও মন্তব্য প্রদানের জন্য প্রেরণ" (Report filed by Mainstay regarding application number).

	Kanungo views the SF report that needed to be taken initiatives.		

The screenshot shows a web-based Civil Suit Management System (CSMS) interface. At the top, there's a navigation bar with icons for Home, About Us, Services, Products, Contact, and Log In. Below the navigation, a search bar is present. The main content area displays a civil suit record:

- Case Number:** # মামলা নং- ১২২/গ
- Description:** মামলার অবস্থানঃ কানুনগোর নিকট এস এফ প্রতিবেদন যাচাই ও মন্তব্য প্রদানের জন্য প্রেরণ
- Status:** প্রেরণ করুন (Pending)
- Actions:** পূর্ণ মামলা, এসএফ প্রতিবেদন, চূড়ান্ত এসএফ প্রতিবেদন, তানি নোটিশ, ফলাফল, হিস্টোরি.

Below this, a detailed view of the case record is shown:

- Case Record:** কারণ দর্শনে নোটিশের প্রার্থ চিঠিক অবব সংশোধন করুন  
কারণ দর্শনে নোটিশের প্রার্থ চিঠিক অবব  
- আপডেট করুন
- Summary:** কারণ দর্শাইবার স্থ্যান কপি সংযুক্তি
- Action Buttons:** সংরক্ষণ করুন (highlighted with a red box), এবং মুছোন্ত মুছোন্ত

On the right side, there's a sidebar titled "মেটাডিজেন্স" (Metadynamics) which lists notifications:

- এসি (আবেদন) এর নিকট রেজিস্টার কৃত  
মামলা প্রেরণ
- কানুনগোর নিকট এস এফ প্রতিবেদন যাচাই  
ও মন্তব্য প্রদানের জন্য প্রেরণ

Page	SF Review and Update

Description	Kanungo will view the SF associated with the case. Kanungo will review the SF and make changes in SF if needed any.		
Input	Field Name	Field Type	Value
	Amendment	Button	On click action
	Answer Against Show Cause Notice	Text	Update if any
	Store	Button	On click update
	Cancel	Button	On click cancel
Output	Kanungo reviews the SF report and update if changes needed.		

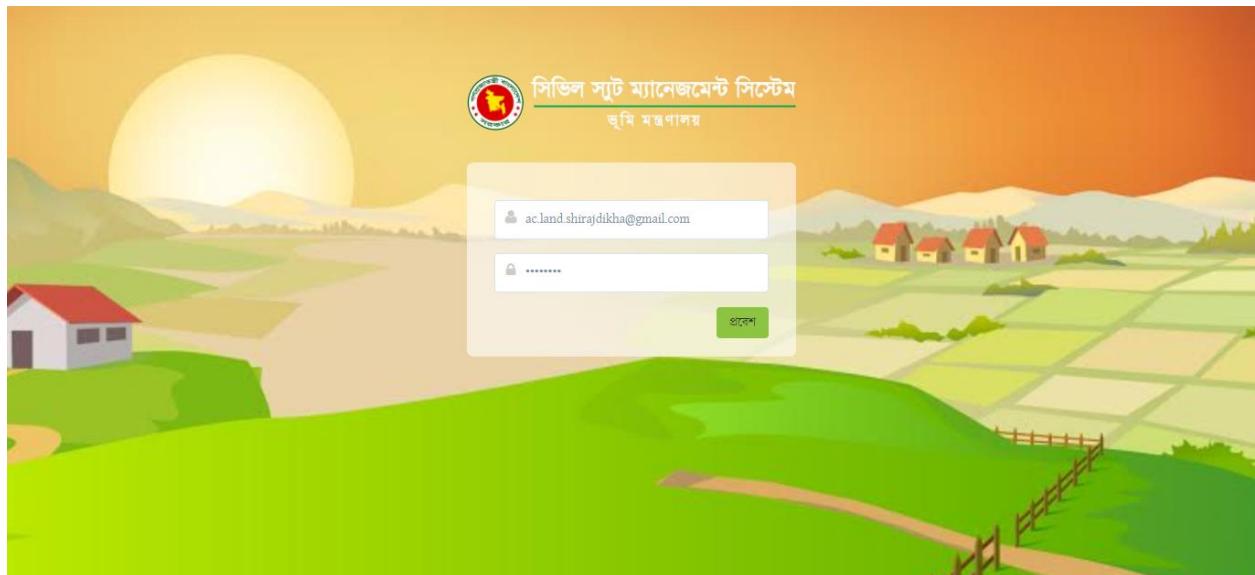

The screenshot displays two overlapping windows of the CSMS interface:

- Top Window:** A modal titled "নথি প্রেরণ করুন" (Send Note). It contains dropdown menus for "মানবন্ধন নির্বাচন করুন" (Select Recipient) and "স্টেটাস নির্বাচন করুন" (Select Status). The recipient dropdown lists various government departments like Land, Environment, and Water Resources. The status dropdown shows options such as "এমি (স্ট্যাব) এবং মিল্ডওয়ের জন্য প্রেরণ" (Stable and Medium for Land). A message box in the center states: "তথ্য, এই এক প্রতিবেদনটি নথিকরণ করে প্রযোজনীয় সম্পর্কে কভার।" Below the message is a "ব্যবহার" (Usage) section.
- Bottom Window:** The main application window showing a list of cases. One specific case is highlighted with a red border. The case details include "মানবন্ধন নং - ১০০১/গ" and a note: "মানবন্ধন অবস্থান নথিপত্র নির্বাচন এস এক প্রতিবেদন হচ্ছে এ মথিক প্রদর্শন করা হচ্ছে।" A large green button at the bottom of this window says "সম্পর্ক সম্ভাবনা করুন" (Create Contact).

	Notification for SF Review and update	Button	On click action
	Notification	List	On click view

Output	AC (LAND) views the Cases that needed to be taken initiatives.
--------	--

The image contains two side-by-side screenshots of a web-based civil suit management system (CSMS) for the Ministry of Land. Both screenshots show a similar layout with a purple header bar containing the text 'মিল সুষ্ঠু মানবন্ধন সিস্টেম' and 'বাংলা ভাষায়', a search bar, and a 'সের্চ করুন' button. The left screenshot shows a modal window titled 'সম্পর্ক মালা' with a red box around the 'সম্পর্ক এন্ড অভিযন্ত' button. The right screenshot shows a similar modal with a red box around the 'সম্পর্ক করুন' button. Both screenshots also show a sidebar with navigation links like 'সম্পর্ক', 'মালা দেবিতির বাণিজ্য', 'নেটওর্কিংপদ', and 'যাচী'.

System Flow Number	SF-CSMS-019		
Page	SF Review and Update		
Description	AC (Land) will view the SF associated with the case. AC (Land) will review the SF and make changes in SF if needed any.		
Input	Field Name	Field Type	Value
	Amendment	Button	On click action

	Answer Against Show Cause Notice	Text	Update if any
	Store	Button	On click update
	Cancel	Button	On click cancel
Output	AC (Land) reviews the SF report and update if changes needed.		

System Flow Number	SF-CSMS-020		
Page	SF send to AC (RM) for Review		
Description	AC (LAND) will send the SF to AC (RM) for review throughout these pages.		
Input	Field Name	Field Type	Value
	Recipient	Radio Button	AC (RM)
	Status	Dropdown	Sending to AC (RM) for SF review.
	Comment	Text	Comment will be generated automatically

			but user can edit it.
	Send to recipient	Button	On click send the case to AC (RM)
	Cancel	Button	On click cancel
Output	AC (Land) sends the SF to AC (RM) for review.		

System Flow Number	SF-CSMS-021		
Page	Login Page AC(RM)		
Description	AC (RM) will login to the system through the page providing user login credentials (User Name and Password)		
Input	Field Name	Field Type	Value
	User name	Text	ac.rm.munshiganj@gmail.com
	Password	Text	12345678
Output	AC (RM) logs in to the system.		

The screenshot shows the AC (RM) Dashboard. On the left, there's a sidebar with navigation items: আপলোড, মামলা রেজিস্ট্রেশন করুন, অনলাইন মামলা রেজিস্ট্রেশন, নথিপত্রসমূহ, এবং বার্তা. The main area has four colored boxes: blue (পদক্ষেপ নিকে হবে এখন মামলাগুলু), red (এলি (যথেষ্ট) এখন নিকে এখন এক দিনেও সম্ভব করার জন্য দেখুন), green (এলি (যথেষ্ট) এখন নিকে রিফিউজ করুন দেখুন), and yellow (এলি (যথেষ্ট) এখন নিকে মামলা হাস্তানাম করার জন্য দেখুন). A notification bar at the top right says 'ব্যবহ মার্কিন' and 'সকল নথিক দেখুন'.

The screenshot shows the AC (RM) Case List page. The sidebar is identical to the dashboard. The main area displays a table titled 'মামলার তালিকা' with columns: #, আপলোডের তারিখ, ঘরের নং, মামলার ক্ষেত্র, উপক্ষেপ, মৌজা, স্থানিক, ও আকর্ষণ. There are three rows of data, with the second row highlighted in red. A notification bar at the top right says 'ব্যবহ মার্কিন' and 'সকল নথিক দেখুন'.

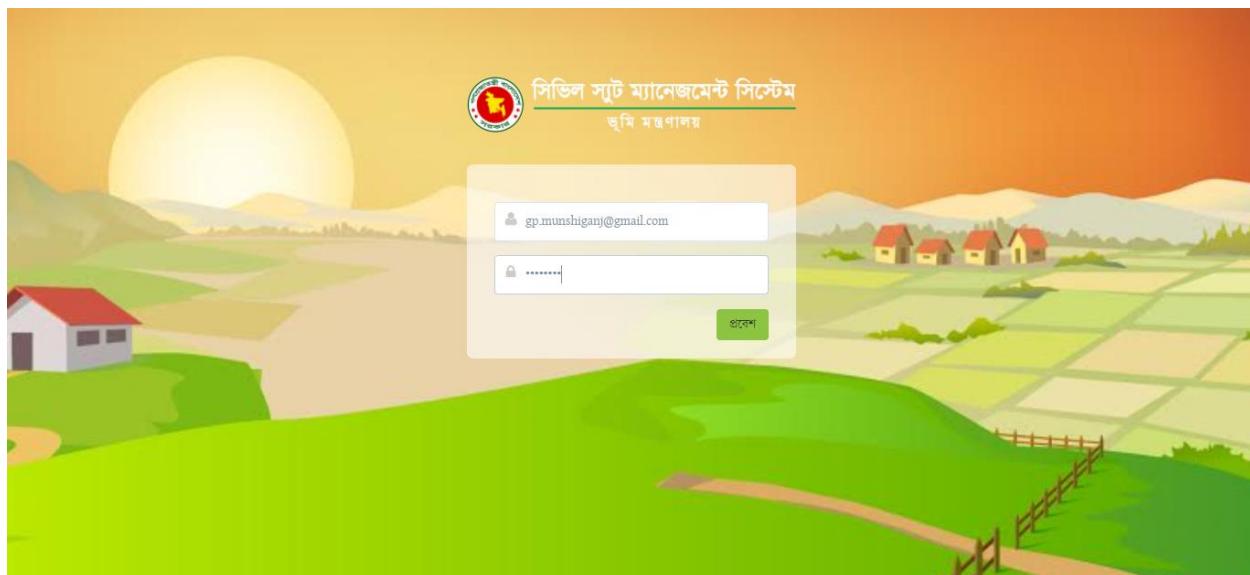

System Flow Number	SF-CSMS-022		
Page	Dashboard		
Description	AC (RM) will See the Dashboard. The Dashboard for AC (RM) Shows the notification of pending actions for AC (RM).		
Input	Field Name	Field Type	Value
	Notification for SF review for the case	Button	On click action

	Notification	List	On click view
Output	AC (RM) views the review request.		

The screenshot shows a web-based application for land record management. At the top, there's a header with the Odisha State Emblem, the text 'ନିର୍ମିତ ଶୁଣ୍ଡ ମାଲେଜମେଟ୍ ସିସ୍ଟେମ୍', and a search bar. On the right, there are links for 'ଯୋଗ୍ୟ କୋର୍ଟ ପାଇଁ ଅନୁଷ୍ଠାନିକ ଦେଖିବାରେ' and 'ଯୋଗ୍ୟ କୋର୍ଟ ପାଇଁ ଅନୁଷ୍ଠାନିକ ଦେଖିବାରେ'.

System Flow Number	SF-CSMS-023		
Page	Case send to GP for Final SF Creation		
Description	AC (RM) will send the SF to GP for final SF creation throughout the page.		
Input	Field Name	Field Type	Value
	Recipient	Radio Button	AC (RM)
	Status	Dropdown	Sending to AC (RM) for SF review.
	Comment	Text	Comment will be generated automatically but user can edit it.
	Send to recipient	Button	On click send the case to AC (RM)
	Cancel	Button	On click cancel
Output	AC (RM) sends the SF to GP for final SF creation.		

System Flow Number	SF-CSMS-024		
Page	Login Page GP		
Description	GP will login to the system through the page providing user login credentials (User Name and Password)		
Input	Field Name	Field Type	Value
	User name	Text	gp.munshiganj@gmail.com
	Password	Text	12345678
Output	GP logs in to the system.		

System Flow Number	SF-CSMS-025		
Page	Dashboard		
Description	GP will See the Dashboard. The Dashboard for GP Shows the notification of pending actions for GP.		
Input	Field Name	Field Type	Value
	Notification for Final SF creation.	Button	On click action
	Notification	List	On click view
Output	GP views the Final SF creation order.		

The form contains the following fields:

- মামলা নং: ২২২/১
- মামলা অবস্থা: চিপিল নিষেক কাহার সম্পর্কে নেটিশেন আইন অনুযায়ী জবাব দেওয়া রয়েছে
- মুদ্রাব এসএক্স প্রতিবেদন
- অনন্য মেটিপ
- ক্ষমাকল
- বিস্তোরিত

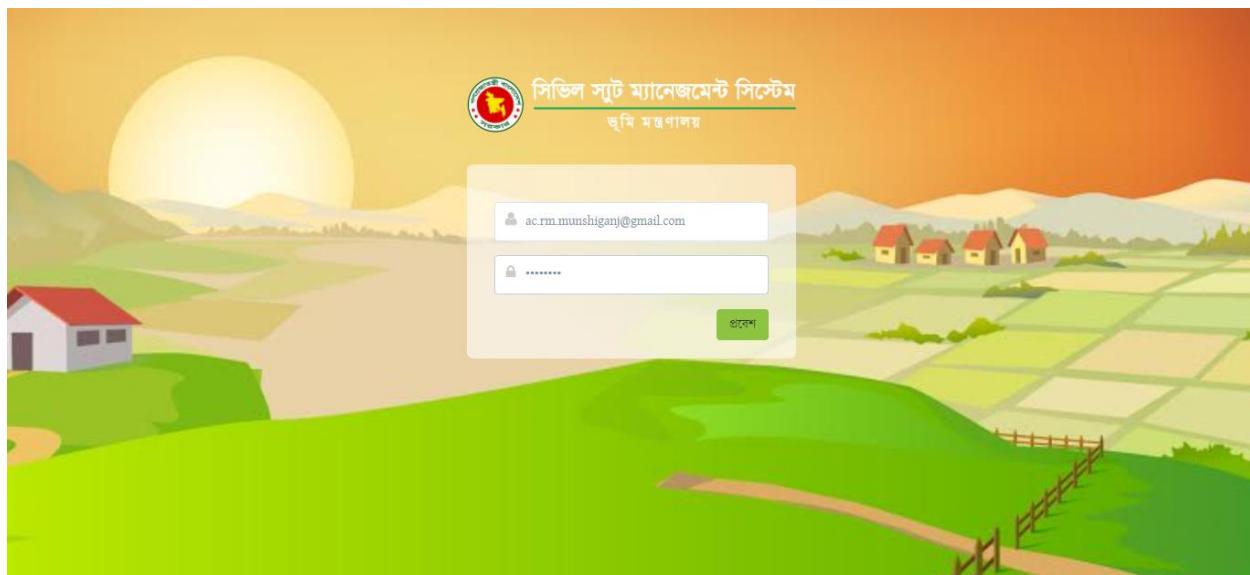

Buttons:

- মুদ্রাব এসএক্স প্রতিবেদন
- অপসোড করুন

System Flow Number	SF-CSMS-026		
Page	Final SF Upload		
Description	GP will create and upload final SF scanned copy throughout this page.		
Input	Field Name	Field Type	Value
	Final report scanned copy	Attachment	Final report attachment
	Upload	Button	On click upload final SF
Output	GP creates and uploads final SF scanned copy.		

System Flow Number	SF-CSMS-027		
Page	Final SF Send for Review		
Description	GP will send the final SF to AC (RM) for review throughout the page.		
Input	Field Name	Field Type	Value
	Recipient	Radio Button	AC (RM)
	Status	Dropdown	Sending to AC (RM) for final SF review.
	Comment	Text	Comment will be generated automatically but user can edit it.
	Send to recipient	Button	On click send the final SF to AC (RM)
	Cancel	Button	On click cancel
Output	GP sends the final SF to AC (RM) for review.		

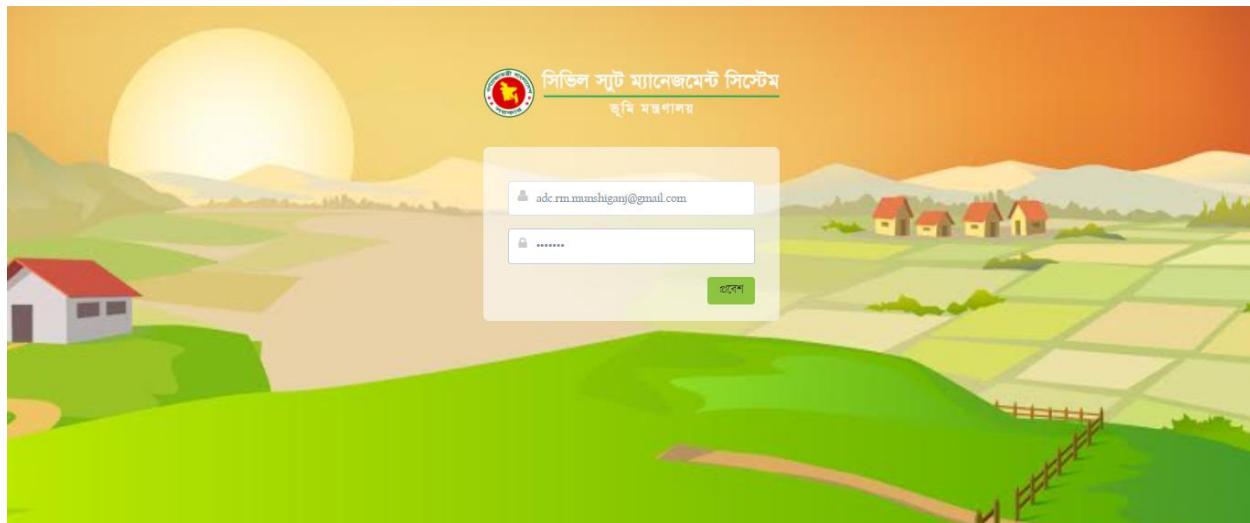

System Flow Number	SF-CSMS-028		
Page	Login Page AC(RM)		
Description	AC (RM) will login to the system through the page providing user login credentials (User Name and Password)		
Input	Field Name	Field Type	Value
	User name	Text	ac.rm.munshiganj@gmail.com
	Password	Text	12345678
Output	AC (RM) logs in to the system.		

The screenshots illustrate the dashboard interface for the Civil Suit Management System (CSMS). The top screenshot displays a summary of pending actions across four categories: Pending (93), Rejected (57), Approved (9), and Completed (29). The bottom screenshot shows a detailed list of cases, each with a unique ID, date, status, and two buttons: 'Review' and 'Details'.

System Flow Number	SF-CSMS-029		
Page	Dashboard		
Description	AC (RM) will See the Dashboard. The Dashboard for AC (RM) Shows the notification of pending actions for AC (RM).

The screenshot shows a web-based application for filing and paying court documents. At the top, there's a purple header bar with the logo of the National Judicial Network (NJP) and the text "পরিষেবা সুষ্ঠু মানবিকতার লিঙ্গে" (Service Quality is the Lingua Franca of Humanity). The main interface has a light green background. A central white box contains a teal banner with the text "প্রেরণ করুন" (Submit) and a right-pointing arrow. Below this, there are several tabs: "পূর্ণ যাচাই" (Full Suit), "এসএমএ প্রক্রিয়েশন" (SMS Procurement), "চূড়ান্ত এসএমএ প্রক্রিয়েশন" (Final SMS Procurement), "কানানি প্রেরণ" (Court Submission), and "স্ট্যাম্প" (Stamp). A red rectangular box highlights a blue success message box containing the text "✓ কানানি প্রেরণ ও অন্যান্য বিধি সংযোগ করা হয়েছে।" (The hearing has been successfully linked with the court and other legal documents). At the bottom, there's a form for "অনন্তর প্রতিক্রিয়া" (Postponement Response) with fields for "নথি/প্রক্রিয়েশন" (Memorandum/Procurement) and "অনন্তর প্রক্রিয়েশনে কান কৰ্তৃপক্ষ" (Postponement Respondent). A file upload field shows "C:\fakepath\Hearing\_file.pdf" and a "Browse" button. A large blue "সংরক্ষণ করুন" (Save) button is at the bottom.

Page	View Case Entry Register List for appeal case		
Description	OA (RM) will View case entry register list for appeal case. OA (RM) will search case by some defined parameter and take action for appeal case.		
Input	Field Name	Field Type	Value
	New Case Entry	Button	On click action
	Upazila	Drop Down	Desired Upazila from list
	Court	Drop Down	Desired Court name from list
	From Date	Date	From Date of specific case

	To Date	Date	To Date of specific case
Case No	Text	Desired Case No	
Search	Button	On click action	
Action	Button	On click action	
Appeal for case	Button	On click new appeal case entry page	
Output	OA (RM) searches case by some defined parameter and take action for appeal case.		

The screenshot shows a web-based application for managing civil suits. The main title is 'নতুন আপিল ক্ষেত্রের জন্য পদক্ষেপ' (Action for New Appeal Case). The left sidebar has a navigation menu with categories like 'সম্পর্ক' (Relationship), 'আপিল প্রক্রিয়া পরিকল্পনা' (Appeal Procedure Plan), 'স্থান পরিকল্পনা' (Territory Plan), 'স্থান পরিকল্পনা অধিকারী' (Territory Planner), 'স্থান পরিকল্পনা পরিকল্পনা' (Territory Plan Plan), and 'স্থান পরিকল্পনা পরিকল্পনা পরিকল্পনা' (Territory Plan Plan Plan). The central area contains several input fields and dropdown menus for entering case details, such as 'আপিল ক্ষেত্রের নাম' (Appeal Area Name), 'ক্ষেত্রের বিভাগ' (Area Department), 'ক্ষেত্রের স্থান' (Area Location), 'ক্ষেত্রের তারিখ' (Area Date), 'ক্ষেত্রের পরিকল্পনা' (Area Plan), 'ক্ষেত্রের পরিকল্পনা পরিকল্পনা' (Area Plan Plan), 'ক্ষেত্রের পরিকল্পনা পরিকল্পনা পরিকল্পনা' (Area Plan Plan Plan), 'ক্ষেত্রের পরিকল্পনা পরিকল্পনা পরিকল্পনা' (Area Plan Plan Plan Plan), and 'ক্ষেত্রের পরিকল্পনা পরিকল্পনা পরিকল্পনা' (Area Plan Plan Plan Plan Plan). There are also sections for 'ক্ষেত্রের পরিকল্পনা' (Area Plan), 'ক্ষেত্রের পরিকল্পনা পরিকল্পনা' (Area Plan Plan), and 'ক্ষেত্রের পরিকল্পনা পরিকল্পনা' (Area Plan Plan Plan). A file upload field 'ক্ষেত্রের পরিকল্পনা পরিকল্পনা' (Area Plan Plan Plan Plan) is present, and a text input field 'ক্ষেত্রের পরিকল্পনা পরিকল্পনা' (Area Plan Plan Plan Plan Plan) is also visible.

	Notification for Final SF creation.	Button	On click action
	Notification	List	On click view
Output	ADC (Revenue) views the Final SF review request for the appeal case.		

System Flow Number	SF-CSMS-073		
Page	Final SF Send for signing to DC		
Description	ADC (Revenue) will send the final SF to DC for signing throughout the page.		
Input	Field Name	Field Type	Value
	Recipient	Radio Button	DC
	Status	Dropdown	Sending to DC for final SF review.
	Comment	Text	Comment will be generated automatically but user can edit it.
	Send to recipient	Button	On click send the final SF to DC
	Cancel	Button	On click cancel
Output	ADC (Revenue) sends the final SF to DC for signing.		

System Flow Number	SF-CSMS-074		
Page	Login Page DC		
Description	DC will login to the system through the page providing user login credentials (User Name and Password)		
Input	Field Name	Field Type	Value
	User name	Text	dc.munshiganj@gmail.com
	Password	Text	12345678
Output	DC logs in to the system.		

The screenshot shows the CSMS Dashboard. On the left, there is a sidebar with various menu items. In the center, there is a grid of cards representing different types of cases or notifications. One card, 'বিলি দাখলের নিষেক কর্তৃত দাখল করা হবে' (Pending final signing of bills), is highlighted with a red border. Below this card, there is a message box with the same text. To the right, there is a sidebar for notifications.

ক্ষেত্র	সংখ্যা	ক্ষেত্র	সংখ্যা	ক্ষেত্র	সংখ্যা	ক্ষেত্র	সংখ্যা
মোট মামলা	১৪	মুন্ডু মামলা	৫৭	আপুল মামলা	১০	সম্পাদিত মামলা	২১
মোট আদিক	৬৭	মোট ইউকার	১১	মোট আদম্বর	১১	মামলার শুধু	১০
মোট রাজ্য মামলা	৮৩						

  

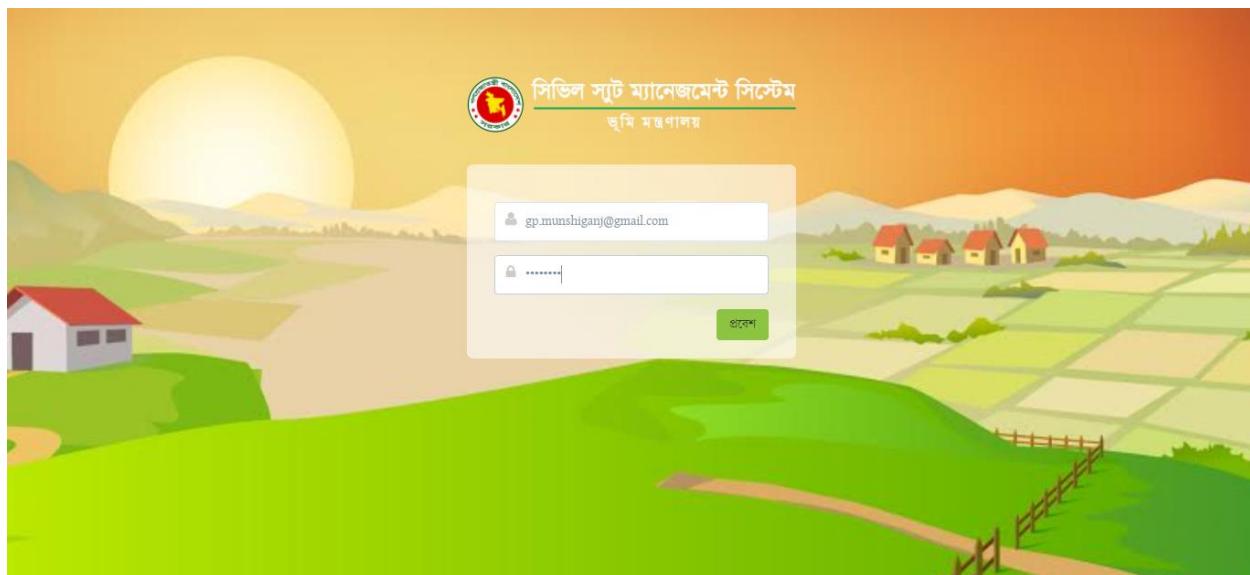

The screenshot shows the 'Case Details' page for a specific case. The case number is '১২২/ম/জারিয়া'. The details include the date '2021-11-07', the court 'নিমজ্জনীকার', and the status 'দাখলামাট' (Filed). There is a red box around the status text 'দাখলামাট'.

System Flow Number	SF-CSMS-075		
Page	Dashboard		
Description	DC will See the Dashboard. The Dashboard for DC Shows the notification of pending actions for DC.		
Input	Field Name	Field Type	Value
	Notification for Final SF Signing.	Button	On click action
	Notification	List	On click view
Output	DC views the Final SF signing request.		

System Flow Number	SF-CSMS-076		
Page	Order for case continuation		
Description	DC will send the final SF to GP and order for case continuation throughout the page.		
Input	Field Name	Field Type	Value
	Recipient	Radio Button	GP
	Status	Dropdown	Sending to GP for case continuation.
	Comment	Text	Comment will be generated automatically but user can edit it.
	Send to recipient	Button	On click order for case continuation to GP
	Cancel	Button	On click cancel
Output	DC sends the final SF of the appeal case to GP and orders for case continuation.		

System Flow Number	SF-CSMS-077		
Page	Login Page GP		
Description	GP will login to the system through the page providing user login credentials (User Name and Password)		
Input	Field Name	Field Type	Value
	User name	Text	gp.munshiganj@gmail.com
	Password	Text	12345678
Output	GP logs in to the system.		

The screenshot shows the CSMS Dashboard. At the top, there are four summary boxes: 'পদক্ষেপ নিতে হবে এমন মামলাগুলি' (98), 'সম্পর্ক মামলা' (57), 'আর্থিক মামলা' (10), and 'সম্পাদিত মামলা' (29). Below these are three notification cards:

- কার্য সম্পর্কের মালিক পরিচয় দেখো
- বিলিং বিলের জন্য আবেদন সম্পর্কের মালিক পরিচয় দেখো
- বিলিং বিলের জন্য আবেদন সম্পর্কের মালিক পরিচয় দেখো

On the left sidebar, under 'পদক্ষেপ' (Case Management), there are sections for 'সম্পর্ক' (Relationship), 'পরিচয়' (Information), and 'বিলিং' (Billing). A red box highlights the 'বিলিং' section.

The screenshot shows a list of cases under 'শাসনাম তালিকা'. The first row, 'কার্য বিভাগ' (Case Type), is highlighted with a red box. The columns include: #, কার্য বিভাগ, প্রকল্প নং, প্রকল্প তারিখ, উপজেলা, পৌর, শৈক্ষণিক প্রাক্তন.

#	কার্য বিভাগ	প্রকল্প নং	প্রকল্প তারিখ	উপজেলা	পৌর	শৈক্ষণিক প্রাক্তন

Page	Dashboard		
Description	GP will See the Dashboard. The Dashboard for GP Shows the notification of pending actions for GP.		
Input	Field Name	Field Type	Value
	Notification for Case continuation	Button	On click action

	Notification	List	On click view
Output	GP continues the case for result.		

This screenshot shows the hearing notice page. At the top, there is a header with the case number (মামলা নং- ২২২/৭/হারিয়ান) and a green button labeled 'যোগাযোগ' (Contact). Below the header, there is a search bar and a navigation menu with options like 'পূর্ণ মামলা', 'এসএক্স হাইকোর্টে', 'বৃত্তান্ত এসএক্স হাইকোর্টে', 'ক্ষমতা', and 'হিসেব'. The main content area displays the hearing date (07/11/2021) and a file attachment (f:/filepath\hearing\_file\appeal.pdf). A red box highlights the 'সংবর্ধন করুন' (Share) button at the bottom right of the form.

This screenshot shows the same hearing notice page as above, but with the input fields for 'Hearing Date' and 'Hearing report' highlighted by a red box. The 'Hearing Date' field contains the value '07/11/2021', and the 'Hearing report' field has a browse button and a placeholder 'ফাইল' (File).
